2 (20 点)

- (1) b (2) b (3) a (4) c (5) d

3 (25 点)

- (1) They are the same all over the world, but there are slight differences from country to country.
- (2) They change from green to yellow to red.
- (3) It means that the light will soon turn green.
- (4) It means that a driver may continue with caution.
- (5) It means, like a stop sign, that a driver may continue only after having come to a full stop.
- (6) When special traffic appears, all lights turn red except for the light before the special traffic.
- (7) It means that all traffic must stop until the bus has passed.
- (8) As traffic lights are used differently from country to country, if you are going to drive in a foreign country, it's a good idea to learn the traffic light system.
